Prayer Chaplain Program is one of the most powerful and personal ways Unity of the Triangle serves the spiritual needs of its congregants through one-on-one confidential prayer.

Serving as a volunteer prayer chaplain involves a deep level of commitment, and openness to create heart connections with others, and a willingness to experience personal and spiritual growth and transformation.

Completing the prayer chaplain training and "being" a prayer chaplain is transformational soul work.

We invite you to prayerfully consider whether becoming a prayer chaplain is yours to do.

What is a Prayer Chaplain?

A Prayer Chaplain is a trained volunteer who offers confidential, one-on-one affirmative prayer. They have a deeply committed private prayer practice and a willingness to practice Unity principles.

Their role is to:

- Create and hold sacred space during prayer
- Lovingly and empathetically listen to prayer requests
- Pray from the heart, allowing for spirit to speak
- Honor the sacred trust that is creating when praying
- Hold all that is shared strictly confidential

Prayer Chaplains are not ordained ministers or counselors. They are compassionate listeners who offer prayer support.

Prayer is the Foundation of Unity
